

DIRECTED PRACTICE

MATERIALS

How Do Scientists Communicate Data?

Ask a question: What is your favorite season?

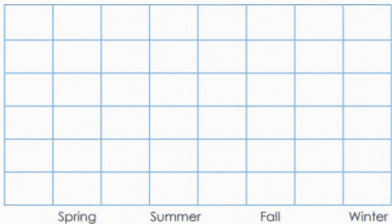

- 1** Ask your classmates about their favorite season.
- 2** Use the tally chart to **record** your data.

Favorite Season	
Season	Number of Students
spring	
summer	
fall	
winter	

3 Communicate

Make a bar graph of your data.

Number of Students

How did the bar graph help you communicate data?
